

AWARE. Architecture With an Approach to Regeneration and Empowerment (Project 101255640)

D1.2 | Group of Architects

The list includes all the architects who have been selected through the calls in Milan, Ljubljana and Tallin.

The three open calls, launched in Milan, Ljubljana, and Tallinn, were addressed to architects under the age of 35 who wished to actively contribute to the creation of a cultural project in Milan through a participatory process. In this process, young architects are involved as key actors alongside the local community and cultural operators. The application period was open from 2 April to 8 May 2026. Each project partner organised the selection procedure in accordance with the terms and criteria set out in the respective open call. The results were communicated by 22 May 2026, and the partners selected between 2 and 7 architects (2 in Milan, 5 in Tallinn, and 7 in Ljubljana) among the applicants. The list below includes all architects who have been selected in the open calls across the three cities to take part in the project activities.
