

studioVAN

fondato nel 2017 da Alessandro Agosti e Maurizio Nigro è composto da architetti e interior designer oltre ad un paesaggista ed un responsabile per la sicurezza su tutti i propri cantieri. Il team di lavoro si completa attraverso collaborazioni consolidate con impiantisti e strutturisti per fornire al cliente una progettazione coordinata di tutte le discipline.

L'approccio dello studio si basa su una progettazione che unisce funzionalità ed estetica, creando ambienti che rispondono alle esigenze dei clienti senza rinunciare alla bellezza e all'identità locale.

Ogni progetto è concepito per valorizzare il contesto in cui si inserisce, integrando elementi tipici della tradizione architettonica del luogo. Questo approccio garantisce che ogni spazio soddisfi standard di comfort e innovazione, valorizzando la storia e la cultura del territorio.

In questo modo, lo studio non si limita a progettare spazi, ma crea esperienze uniche in grado di suscitare emozioni e di lasciare un'impronta duratura nel tempo.

studiovan

Alessandro Agosti | Milano, 1983

Alessandro Agosti was born in Milan in 1983. He **graduated at 'Politecnico di Milano' in 2008**. After his experience in Denmark in 2005, he came back to Milan, he graduates and collaborates in the realization of the Ring Dome Pavilion, designed by Minsuk Cho, for the international magazine Abitare. At that time he met and start a long collaboration (**2008-2016**) with **Stefano Boeri**, the magazine director, involved in the redevelopment and reclamation of the Ex Arsenale for the G8 Event of 2009 in La Maddalena. After the experience in Sardinia, he moved to Milan to be part of the design team of the Bosco Verticale from the design phase until the construction site. In 2010 with the firms Stefano Boeri Architetti he won the competition for the Monza Chamber of Commerce, he collaborates in the Centre Regional de la Méditerranée in Marseille and he coordinates the project for the Meazza Stadium Renovation before he moved to Doha, Qatar, working on the Qatar Emiri Naval Forces Base. Since 2014 he led different competitions among which the TMK Headquarter in Russia, a residential complex in Tirana, the Porsche Design Tower in Frankfurt and a masterplan development in Chongqing, China. Between 2016 and 2018 we was the coordinator of the project "Abitare in Maggiolina", 10'000sqm of residential settlement in Milan. In **2017** he is co-founder of **StudioVAN**. In **2018** he started a consultancy for **Arcadis Italia** as a design coordinator in hospitality projects designed by renowned architectural firms such as **Lissoni Associati, Dordoni Architetti, Bruno Moinard, Blacksheep, Stoerr, Harrods Interior, Martin Brudnizki Design Studio, Patricia Urquiola**.

Maurizio Nigro | Busto Arsizio, 1983

Maurizio Nigro was born in Busto Arsizio in 1983 and **graduated at 'Politecnico di Milano' in 2008**. During the university and after the graduation, he collaborated with various architecture studios. Between **2009-2016** he collaborated with **Malara Associati** studio and with the 'Associazione Amici dei Navigli' for the preliminary design of Conca di Viarenna's renewal and of his reconnection with the Darsena of Milan. The project was led by the architect Empio Malara and it was part of the broader plans for the Locarno-Milan-Venice waterway. From 2010 he became a continuous collaborator of Malara Associati studio, involved in the redevelopment of the Bassi Business Park in Milan, a tertiary buildings' complex owned by Generali. Between 2010 and 2013 he led the realization of a new residential building's complex for 32 apartments in San Siro, named 'San Siro Home', from the design phase until the construction process. Since 2013 he lead various private design and construction projects in the center of Milan: law offices, dental clinics and luxury apartments. Along with Malara Associati studio he is collaborating with Metropolitana Milanese and Politecnico di Milano for the partial reopening of the milanese waterways. In **2017** he is co-founder of **StudioVAN**. Between **2021-2023** he collaborated with the **STP architecture** studio for the construction of prestigious offices in the city of Milan.
